GET OUT AND ENJOY NATURE

Discover **Shale Hollow Park** a 211-acre hidden gem managed by the Preservation Parks of Delaware County.

Located right here in Orange Township, Shale Hollow Park features dramatic 20 to 40 foot shale cliffs and winding streams carved over millennia by Big Run Creek as it makes its way to the nearby Olentangy River.

With its refreshing waters and natural creek play areas, it is the ultimate spot for families to splash, explore, and cool off on a warm day!

PET OF THE MONTH

PETS LIVE THEIR DREAM HERE, TOO!

RIPLY

(AKA "RIP" OR "RIPPY")

We are thrilled to feature the one and only Ripley as this month's star pet here at Orange Grand Communities!

Mr. Ripley is a 6 year old rough coat Jack Russell Terrier who can usually be found indulging in his absolute favorite hobbies: hunting rabbits around the complex or playing an intense game of "find it" with his treats.

Speaking of treats, this good boy is not picky. His pantry staples include bones, jerky, and Bocci's treats... though his top-tier favorite snack is quite simply whatever food his mom, Madison, chooses to share with him straight from her plate!

Ripley is also quite the local legend around the property thanks to a memorable adventure from a few years back. While exploring the complex, he managed to discover a snapping turtle almost the size of Ripley himself hanging out on the grounds.

This unexpected wildlife encounter kicked off a full-scale operation, sparking a hilarious team effort from both the maintenance and leasing staff as they worked together to safely relocate the turtle. Ripley has been keeping everyone on their toes ever since!
